FEATURED STORY

WR JARMON FORTSON HAULING IN A CATCH AGAINST THE STREETS DURING THE HOME OPENER.

PHOTO BY: DAVID PEARCE

“REVENGE OF THE SHARKS”

Written By: Brandon Russell

The Jacksonville Sharks (7-1) look to get revenge on the NY Streets (3-5), the only team to beat them this season. After losing to the Streets 41-52 in the season opener the Sharks have gone on an impressive 7 game winning streak. Tonight your #1 Sharks look to show the Streets how much they have improved since early in the season and increase their streak to 8 and remain atop the NAL. The Streets on the other hand are on a streak of their own but going the wrong way, having lost their last 4 games.

Last week the Sharks traveled to Carolina to take on the defending NAL Champions. After a back and forth 1st half the Sharks turned up the pressure and punished the Cobras. Sweeping the series this year. The Sharks league leading defense led the way, forcing 3 interceptions and 5 sacks in addition to 4 QB hurries, putting enormous pressure on the Cobras QB all night. This season the Sharks defense is having a big year leading the league in sacks with 18.5 and looking to add onto that total tonight against the Streets. While Seth Ellis added 2 more picks and leads the league in interceptions.

Defense isn't the only reason the Sharks have been winning. With so many weapons on offense the Sharks passing game has been on point as well. With Devin Wilson making big catch after catch and Jarmon Fortson and Durren Neal making big plays at key moments the Sharks have the total package at receiver. The three have combined for 137 receptions for 1458 yards and 32 touchdowns.

It's time to join "the Shark side" as we work to get revenge on the Street and extend our winning streak to eight in a row. As the NAL's best fans, voted for back to back years, we need you to be LOUD and help take down the Empire State.
